

CONTAMINAÇÃO POR TÓXICOS ANO BASE 2023

REGIÃO METROPOLITANA DE BELO HORIZONTE

CURSO D'ÁGUA DAS ESTACOES DE AMOSTRAGEM

Table listing water courses and sampling stations across various basins, including codes and names.

Projeto 'Águas de Minas' for implementation of the State Water Quality Monitoring System (SISMA) to assess and improve water quality.

Network of 664 sampling points and 1,133 stations for 1000 km². Includes details on monitoring frequency and data collection methods.

Map produced from 2023 monitoring results. CT (Contaminação por Tóxicos) indicates pollution levels: Alta (red), Média (yellow), Baixa (green), Classe Especial (blue), and Coleta Não Realizada (grey).

Legend for basins (BACIAS FEDERAIS) and contamination levels (CONTAMINAÇÃO POR TÓXICOS). Includes scale bar (1:1,500,000) and projection information (Datum SIRGAS 2000).
